

2026 Registration Information – 2026 MRE Journalism Contest

2026 MRE Journalism Contest

Contest Entry Process

Entrant: The entrant is the **named journalist** whose work is submitted to the contest – the journalist whose byline appears on the work – the person to whom an award is given.

Registrant: The registrant is the person entering on **behalf of another person or self-submitting**. No more than four contest entries may be submitted for any one entrant.

Entry Number: The entry number is based on the number of entry submissions for the **entrant** – not to be confused with the registrant, e.g. Entry 1 (first entry submission), Entry 3 (third entry submission). Maximum is four per journalist.

Planning ahead and having all the required information and prepared materials on hand will help avoid technical difficulties and delays (and frustration!).
